

AC Airways Ltd. is offering a one day Human Factors in Aviation Maintenance Course. Everyone is welcome to attend!

Canadian Air Regulations state in part:

The training program required by CARs shall ensure that personnel trained are familiar with the regulations, standards, air operator procedures and human factors issues related to the work for which they are responsible.

AC Airways Ltd. is a locally owned and operated family business based at the Langley Regional Airport. We are now pleased to offer a one day Human Factors Training Course.

This course offers recurrent and update training in the following areas:

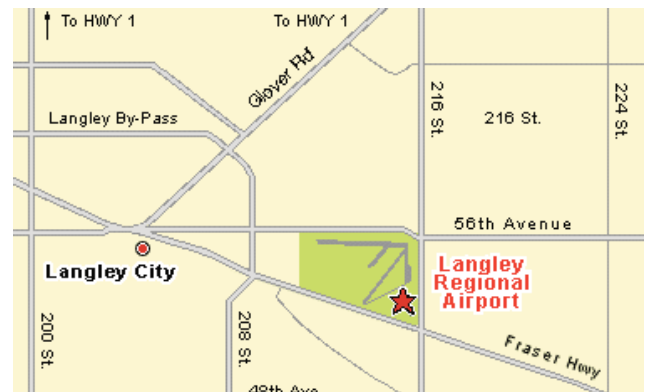

- What are Human Factors?
- Human Error
- Error Chain
- THE DIRTY DOZEN
- Guest Speaker - Joe Hessberger

All for just \$199 per person including lunch, coffee and snacks. Call NOW to reserve your seat for this unique experience.

Tel: 604 533 4400
